Superfood Performance Booster!

All of your Energy in One Scoop. Power Beets is a delicious superfood blend that provides a clean surge of natural energy & promotes peak performance, mental clarity & vitality!

Enjoy the natural, energizing power of beet root combined with the antioxidant protection of our patented, heart-healthy herb blend.

You'll FEEL nature's power in this delicious superfood formula: Power Beets!

We set out to create a better beet product. One that works harder than the others and tastes delicious.

Power Beets was formulated by Nature's Sunshine herbalists, scientists and health practitioners to provide maximum circulatory nutrition and superior and sustained natural energy without the "jitters".*

With advanced phytonutrients your body craves but doesn't get...Power Beets powerfully boosts energy, stamina, exercise performance and endurance*; it improves circulation to organs and muscles and supports healthy blood pressure levels*; and, it helps increase brain power, focus and mental alertness*.

This one-of-a-kind superfood formula features a synergistic combination of standardized, ultra-potent beet root, hand-harvested from nutrient-rich soil, amplified by a diverse array of nutrient-dense fruits, herbs, prebiotics and a patented antioxidant blend.

Better Nutrition...Better Performance...Better Taste!

*Our proprietary, nitrate-packed beet root powder activates Nitric Oxide (NO) production. Nitric oxide improves circulation, leading to greater energy, vitality, recovery and focus.

Clinical studies have shown that higher levels of Nitric Oxide (NO)—a signaling molecule that improves blood flow and circulation by relaxing arteries and blood vessels—are associated with increased vitality, physical performance, stamina, recovery, mental acuity, sexual performance and lower blood pressure.

Made in the endothelial layer of blood vessels and arteries, NO is quickly used or oxidized within the body and must be replaced constantly. A sedentary lifestyle, suboptimal diet and age can each

negatively impact NO production. By age 40, the human body produces only half the nitric oxide it did during teen years. And by the time you're in your 70s, you may have lost as much as 75% of the NO levels you enjoyed in your 20s.

*Our clinically studied antioxidant blend protects Nitric Oxide to support healthy circulation and total rejuvenation. You'll feel the difference!

Beyond the beets, you'll discover our exclusive, patented blend of polyphenol-rich botanicals like green coffee bean and green tea leaf extracts, turmeric, blueberry and other heart-healthy plant foods. Our patented blend has been clinically shown to improve nitric oxide status and antioxidant activity.

In fact, Power Beets has an unmatched depth of clinically studied ingredients, including gut-friendly FOS (fructooligosaccharides) fibers and herbal antioxidants to amplify your body's benefits beyond just beets. Our FOS prebiotic fiber supports the growth of beneficial bacteria in the gut and is more readily used than inulin.

*Bonus! Our nutrient-dense formula includes B vitamins and vitamin C to support energy production and blood vessel health.

Featuring energizing, cardio-boosting vitamins C, D3, B1, B6 and B12,* Power Beets boasts an "un-beet-able" delicious flavor enhanced with natural pomegranate, raspberry, and lemon.

With a light and refreshing taste from real fruit ingredients, instead of sugar or artificial sweeteners...it's truly delicious. And healthy, with zero added sugar, preservatives, artificial colors or artificial sweeteners!

Quality Assured:

Why Power Beets? Our beets are organically grown and sustainably harvested by generational farmers on the Tibetan Plateau to produce exceptionally potent beets.

This unique superfood formula features super beets thoughtfully sourced from high Tibetan plateaus. At 10,000 feet above sea level, the 40 degree (F) average temperatures provide the ultimate growing conditions, and the sky-high soil is uniquely rich, creating exceptional potency. We partner with generational farmers who have truly perfected their beet-growing craft.

We don't guess...We test. Every batch of Nature's Sunshine supplements undergoes rigorous quality testing in ISO17025 certified labs, completely powered by the sun!

With 50+ years of experience, Nature's Sunshine delivers unrivaled quality. Guaranteed!
