

Wild Oregano Essential Oil (15ml)
Stock #: 3884 Regular Price: 42.95

Wild Oregano oil's powerful zesty aroma delivers a natural "pick me up".

This essential oil is described by many as opening and clarifying.

Wild oregano oil is also recognized for its immune and respiratory system support. It offers a soothing effect on irritated lungs and throat and can help deter coughing fits.

Wild oregano oil also helps provide an extra level of protection against foreign invaders that can cause respiratory complaints.

Plus, wild oregano oil assists the body in getting rid of mucus that builds up in the respiratory tracts and sinuses.

Cleanse & Defend

Applied topically, wild oregano oil is noted for its cleansing and fortifying properties.

Topical use of wild oregano oil may help reduce irritation and redness and relieve soreness from injury.

It also offers antioxidant protection against free radicals that can accelerate the skin-aging process.

Plus, regular topical application of wild oregano oil may help fight some fungal problems.

For rough calluses, try rubbing wild oregano oil, combined with coconut oil (or other carrier oil) on rough hands to eliminate calluses and other patches of irritated skin.

Oregano oil is powerful and should be used in small quantities, either diluted in a Carrier Oil or diffused into the air.

For a safe household cleaner, add 10 drops of Wild Oregano oil to 2 cups of water.

Benefits:

- Provides natural fortification
- Opening & clarifying
- Helps clear nasal passages
- Use topically for cleansing
- 100% pure, wild-harvested oregano oil

Ingredients:

100% pure wild-harvested *Origanum vulgare* flowering tops oil. Product of Hungary. Steam distilled.

Wild-harvested oils come from plants growing as they are found in nature. Untamed, free and natural, these plants are watered by the rain and nourished by the soil and sun. They are untouched by the hands of man until harvest time.

Quality Assured:

Nature's Sunshine Quality Assurance staff sources the world's purest ingredients, no matter where they are grown, to ensure the active nutrients are delivered just as nature intended. NSP scours the globe to find the highest quality plant sources.

Botanical supply experts inspect these sites and, as with all of our oils, third party and in-house GC/MS testing verifies the materials are pure and free of contaminants like chemical pesticides, herbicides, fertilizers or other adulterants.

Recommended Use:

Essential oils may be used aromatically or topically in a variety of ways including diffusers, massage, compresses, baths, scrubs, lotions and sprays.

Essential oils should be diluted with Nature's Sunshine Massage Oil or Carrier Oil before applying topically.

Complementary Products:

Flower Essences, Nature's Fresh Enzyme Spray, Aroma Ball Plug-in Diffuser, Carrier Oil, Massage Oil
