

## Chinese Kidney Activator (100 VegCaps)

Stock #: 1872

Let it flow!

This unique formula contains specially selected Chinese herbs that help with the flow of moisture.

Chinese Kidney Activator was designed to promote kidney function and help clear retained water from the body, which may positively affect joints.

This unique Chinese herbal blend—with white mulberry root bark, hoelen and astragalus— provides traditional support for the urinary system and kidneys.

The Chinese name for Kidney Activator, qu shi, can be translated to mean “eliminate moisture” or “clear the dampness.”

Traditional Chinese Medicine (TCM) philosophy names five distinct energies that permeate the body: Fire, Earth, Metal, Water and Wood.

In order to feel your best, these energies must be in balance.

According to Eastern philosophy, life permits us to work with what we have on earth here and now—body and mind—in order to reclaim and maintain the innate energy and spirit that reside within us. Energy and spirit must be awakened, nurtured and balanced in order for life to flourish.

Water is the reservoir of life. It’s no wonder how important this energy is as it relates to your adrenal system, sexual health and kidneys.

To address your water element, try Chinese Kidney Activator (+).

Under TCM philosophy, Chinese Kidney Activator is designed to support the kidneys and eliminate retained fluid in the body, which may help promote joint health.

**Hoelen** has been used for centuries in Traditional Chinese Medicine to “drain dampness” and increase urinary flow. It also helps correct urinary imbalances.

**White mulberry**, native to northern China, has been used in Traditional Chinese Medicine for over 4,000 years. The root bark is used in TCM to help eliminate excess moisture. It also has significant antioxidant properties.

**Astragalus** is native to China, Mongolia and North Korea and is known as huang qi or yellow leader. This root has been used for more than 2,000 years and is still considered one of the 50 fundamental herbs of Traditional Chinese Medicine. Astragalus is used to help clear retained water from the body and improve the flow of internal energy or "chi".

Benefits:

- Traditionally used to support the kidneys, bladder & urinary tract.
- May help clear retained water.
- Supports the lymphatic system.
- May support joint health.
- Contributes to overall energy, stamina & wellness.

**Ingredients:**

Proprietary blend of Hoelen sclerotium, Siler root, Flowering quince fruit, White mulberry root bark, Astragalus root, Asian plantain seed, Coix seed, Bai-zhu atractylodes rhizome, Chinese peony root without bark, Magnolia bark, Zhu ling sclerotium, Cassia twig, Ginger rhizome, Tangerine mature fruit rind, Typhonium rhizome and Chinese licorice root.

**Quality Assured:**

Our Chinese herbal blends carefully follow the principles of ancient Chinese Medicine that have been practiced for more than two millennia.

For more than 35 years, we've partnered with the same incredible vendor to collaborate with farmers in traditional communities to bring only the finest herbs from China to the US. And we've conducted multiple on-site audits throughout the years to re-verify the quality of both their facility and herbs.

Our farmers are deeply attached to the land they have lived on and worked for generations, and they practice regenerative farming methods to preserve it for future use.

**Recommended Use:**

Take 1 VegCap with a meal daily.

May cause allergic reaction in persons sensitive to inhaled or ingested psyllium (plantago).
