

APS-II (with White Willow Bark) (100 capsules)
Stock #: 780

Feel better naturally!

This herbal blend provides salicin from white willow bark (similar to salicylic acid), plus valerian for relaxation.

Support your nervous system herbally by taking all-natural APS II with White Willow Bark.

White willow bark contains salicin, a compound chemically similar to salicylic acid. Salicin appears to help prevent the production of prostaglandins (hormone-like substances that affect several bodily functions, including inflammation, pain and uterine contractions).

Willow bark has been used to alleviate pain since ancient times. Records show that the ancient Greeks chewed on willow tree bark to help dull discomforts.

Valerian root provides additional nervous system support, including promoting feelings of relaxation. Valerian root has been recommended traditionally for sleep, nervousness and other nervous system support. During World War II, it was used to help relieve stress caused by frequent air raids.

Capsicum has a warming strength. It stimulates digestion and enhances blood flow, improving circulation.

Benefits:

- Provides support for occasional minor aches.
- Supports proper nervous system function.

Ingredients:

White willow bark, valerian root and capsicum fruit.

Quality Assured:

Nature's Sunshine Quality Assurance staff sources the world's purest ingredients, no matter where they are grown, to ensure the active nutrients are delivered just as nature intended.

Recommended Use:

Take 2 capsules with a meal three times daily.
