

Bone/Skin Poulitice (100 capsules)
Stock #: 1248

Support Bone & Skin structure with the pure potent herbs conveniently combined in this formula.

This unique herbal formulation was designed as an alternative to comfrey leaf, a traditional herbal remedy used on the skin to treat wounds and reduce inflammation from sprains and broken bones.

The herbs in this formula offer the same features associated with comfrey leaf and were specifically chosen as an alternative product to support the structural system.

Mix with Golden Salve for skin application.

Plantain leaves are known for their antiseptic properties. Plantain also helps maintain internal tissues.

The use of mullein has been well documented in journals, pharmacopoeias and scientific literature. It was used during the Middle Ages for a variety of treatments. In the mid-16th century, German botanist Adam Lonitzer praised mullein for respiratory support, for heart health and for other benefits.

Rehmannia is a well-known Chinese herbal remedy often used as a substitute for comfrey, as it has similar properties.

Yarrow contains an alkaloid principle called achilleine, as well as flavonoids, volatile oils, potassium and calcium salts of organic acids, and tannins. Its effects are mostly astringent, which make yarrow helpful for firming and tightening tissues.

Benefits:

- Supports the structural system.
- An excellent alternative to comfrey leaf.

Ingredients:

Plantain leaves, rehmannia root, mullein leaves and yarrow aerial parts.

Quality Assured:

Nature's Sunshine Quality Assurance staff sources the world's purest ingredients, no matter where they are grown, to ensure the active nutrients are delivered just as nature intended.

Recommended Use: Take 2 capsules with a meal three times daily, or mix with Golden Salve and use as a poultice.
